Group #31 2025-11-05

Abstract

This report presents the experimental setup and results of Lab 1. The focus of the experiment is on understanding the dynamics of ...

1 Introduction

The aim of this laboratory session is to investigate fundamental control concepts ... [\[1\]](#)

2 Procedure

2.1 Part I

- **Objective:** ...
- **Methodology:** ...
- **Observations:** ...
- **Discussion:** ...

2.2 Part II

- **Objective:** ...
- **Methodology:** ...
- **Observations:** ...
- **Discussion:** ...

2.3 Part III

- **Objective:** ...
- **Methodology:** ...
- **Observations:** ...
- **Discussion:** ...

2.4 Part IV

- **Objective:** ...
- **Methodology:** ...
- **Observations:** ...
- **Discussion:** ...

3 Reflection and Analysis

Discuss experimental errors, limitations, and possible improvements.

4 Conclusion

Summarize key findings, learning outcomes, and recommendations for future work.
